DIVISION OF STUDENT LIFE

Work Attire Statement

The Division of Student Life staff represents their departments, the division and the university. Accordingly, employees should dress in a professionally appropriate manner. A clean and professional appearance is expected of all staff members. There may be university events which dictate a certain type of work attire (i.e. football games, homecoming parade, commencement, convocation). Supervisors have the discretion to make decisions or exceptions based on the specific duties being carried out and the setting in which they occur. If you have any questions or are unsure of whether an article of clothing is acceptable, please consult with your immediate supervisor.
